Arizona Corporation Commission, April 8, 2013

In reference to Docket No. W-01737A-12-0478

The purpose of this letter is to object to the water rate increase proposed by New River Utility Company that serves my residential area, Silverton Deer Village. I cannot understand how they can justify their requested 80.07% increase (based on their example water usage in their notice letter). If their claim of only a .05% rate of return at the current rate is correct, I would think it is time to look at their management of the business. To ask for this rate of return to increase to 8.72% is outrageous.

I would hope the commission would reject this excessive rate increase request and require New River Utility Co. to submit a new request that is within reason and with detailed justification.

Respectfully,
Fred Binder
